## We've Moved!

Our Emporia office has moved to 2501 W 18<sup>th</sup> Avenue in Emporia (about 1.5 blocks east of Sutherlands).

Linemen and office staff packed and moved everything needed from our old office on January 4 to our new location in a stream of trucks and people.

It was a busy and exhausting day getting everything set up and working. The new office is larger, more convenient and has better parking for our members' convenience.

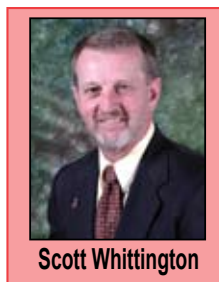

The payment drop box is located next to the drive. In order to drive up to the drop box, please use

the drive that goes behind the building.

## Letter From The Manager: *Energy Conservation*

It is difficult to imagine spending an entire day without using energy. We use energy to light our cities and homes, power machinery in factories, cook our food, play music, and operate televisions.

Scott Whittington

**Why is energy conservation so important?** Because of the limited amount of non-renewable energy sources on Earth, it is important to conserve our current supply or to use renewable sources so that our natural resources will be available for future generations. Below are some ways you can do your part in conserving energy and thus reduce your utility bills.

- Turn the thermostat down from 72 degrees to 65 degrees for 8 hours and you will save 10

percent on your heating bill.

- Clean or replace your furnace filter two or three times each year.
- Open the curtains and blinds on sunny days, and then close them at night.

- When the fireplace is not in use, keep the flue damper tightly closed. A chimney is designed to let the smoke out, but the warm air escapes as well.

- If you are shopping for new windows, doors, skylights or heating and cooling systems look for ones with the Energy Star label and cut your energy bills by up to 30 percent.

By taking advantage of these helpful tips, you can keep your house warm, conserve energy and maximize your electric savings.

## YOUTH TOUR

Two High School Juniors  
Can Win An All-Expense-Paid  
Trip to Washington, D.C.,  
for the "Government in Action"  
Youth Tour, June 12-19, 2008

How would you like to be one of two high school juniors that will win an all-expense paid trip to Washington, D.C., as a part of the "Government in Action" tour?

Winners of the trip will join 1,500 young people from rural America on one the most enjoyable trips that you will ever take.

The contest is open to all high school juniors in

the Lyon-Coffey Electric Cooperative's service area. Contest entrants will be interviewed and required to take a brief, written test covering materials that will be mailed to each contestant following the March 7, 2008, entry deadline.

Interviews and testing will be held at the cooperative office in Burlington at 1 p.m. Friday, March 21, 2008.

If you are a high school

junior and are interested in entering, please complete the application form below and bring or send it by **March 7, 2008**, to:
