

One of the largest factors that affects your utility bill is in fact one you have no control over, Mother Nature herself.

January 2018 saw eight (8) days with temperatures well below freezing and
7 days with temperatures below zero!

With the extreme frigid temperatures in January we have noticed almost all electric bills will be substantially higher this month. Lyon-Coffey Electric does offer help in managing your utility bills

- **Budget Billing**
- **Prepaid Services**
- **Payment Arrangements**
- **Comfort Plus program (energy efficiency insulation program)**

You can always view your usage at any time from our website www.lyon-coffey.coop or using the SmartHub app from your smartphone device. Please contact us if you have any questions concerning your electric account.
